the surrounding area*

For a special kind of caring...

Serving the people of Runcorn, Widnes and the surrounding area

Halton Haven Hospice is your local independent Hospice. Situated in Murdishaw, Runcorn, the Hospice offers specialist care and support to the people of Halton and the surrounding area.

The Hospice's services are available to individuals with life limiting conditions that need specialist care and support throughout their illness. Our highly skilled team offer support, guidance and an unrivalled quality of care in a relaxed, friendly environment.

What type of help can the Inpatient Unit team provide?

We can offer a wide range of services to both individuals and their families. We understand the range of symptoms and problems that can arise for those dealing with a life limiting illness and the impact that these difficulties can have on you and your family.

Our care is patient led and patient focused. We ensure you are involved in all decision making and that your views, beliefs and wishes are respected.

How do I access the service?

You can access the service through your own Doctor, Macmillan Nurse and District Nurse or through the hospital team which cares for you.

How long will I stay?

For most individuals the stay is around two weeks depending on the complexity of the problems the person is experiencing.

For some, their issues are easily resolved and they are able to return home quickly. For others their needs may be more complicated and the stay may be longer.

What is life on the Unit like?

We want our patients and their families to feel as comfortable as possible while they stay with us; we pride ourselves on the atmosphere at our Hospice and try to ensure that those in our care are comfortable during their stay.

We have an open visiting policy; so you are not restricted to set times and there is no limit to how many visitors can come and see you. We are also both child and pet friendly.

Our staff understand that we all have our own daily routines and we try to fit around these as much as we are able.

Your day will be tailored around your needs. There is no set routine.

Who will look after me?

You will be allocated a Named Nurse and Key Worker who will be responsible for your care throughout your stay.

The nursing team are supported by the Doctors, Physiotherapist, Chaplain, Family Support Team (including Welfare Rights) and Complementary Therapists.

Our facilities

The ward is divided into private rooms all with an en suite, colour TV and CD player and wall mounted fans. All are fitted with profiling beds and nurse call systems.

Our facilities also include:

- Main reception
- Main Lounge (which can also be used for dining)
- Visitors' room
- Quiet room
- Bathroom & shower room
- External gardens and seating
